

Thank you for attending our discussion on infusing trust in AI.

Here are some tools and articles to guide you in your exploration of the topic:

1. Learn more about [IBM's approach to Trustworthy AI](#), along with its tools
2. Delve into ethics and trust in AI with Phaedra:
 - a. [What is AI ethics?](#)
 - b. [Culture, Trust and AI](#)
3. Listen to Beth as she discusses how we can [deploy responsible AI at Scale](#)
4. Read about how [the Field of Archaeology Can Teach Us About Responsible AI](#)
5. Refer to the [10 Lessons Learned](#) for Assessing and Mitigating Unexpected Patterns in AI Models by Phaedra
6. Refer to the work, tools and programmes of [Partnership on AI \(PAI\)](#) - a non-profit partnership of academic, civil society, industry, and media organizations creating solutions so that AI advances positive outcomes for people and society

If you'd like to be matched with one of our speakers for further discussion, please reach out to us on Enquiries@womenindata.co.uk
